## Quality Policy

**Erateks** has adopted the principle of providing its customers with reliable and flawless products in textile and garment manufacturing by using advanced technology and modern engineering solutions, with a management team of experts, trained personnel, and an effective communication infrastructure.

Our employees, who embrace team spirit and work with dedication, are the foundation of our quality. The guarantee of the continuity of our quality lies in our meticulous work and the service we provide.

In all departments, fulfilling applicable requirements, implementing continuous improvement and development, accepting customer satisfaction as the primary goal, fulfilling the requirements of the **ISO 9001:2015 Quality Management System Standard**, and continuously improving its effectiveness constitute our core “Quality Policy.”
